

Peter J. Marshall Awards: Call for Submissions

2020 Municipal Innovation Awards Competition

Purpose:

The Peter J. Marshall Municipal Innovation Award recognizes those municipal governments demonstrating excellence in the use of innovative approaches to improve capital and/or operating efficiency and to generate effectiveness through alternative service delivery initiatives and partnerships. The Award's objective is to showcase instances where Ontario municipalities have implemented and can point to tangible, measurable outcomes from new, more cost effective ways of providing public services and facilities. Awarding and profiling innovation advances creativity and strong municipal government.
