

Director of Infrastructure Capital Planning

(Permanent Position)

Minimum qualifications:

- University degree in a related discipline from a recognized University with Canadian accreditation.
- Member or eligible for membership in the Professional Engineers of Ontario.
- Additional education initiatives to update and expand competencies.
- Minimum of six (6) years directly related experience at a senior management level in large, unionized, and highly diversified public or private sector organizations, including four (4) years managing a similar function.

You will set yourself apart for your peers if you excel in the following competencies:

- Understand the business implications of opportunities and decisions, and implement successful business strategies to improve organizational performance
- Desire to work closely with internal and external customers to meet and exceed their expectations.
- Personal drive to achieve results, and focus one's attention on accomplishing key objectives and positive outcomes for oneself, one's team and the business.
- Inspire others to work toward common goals by engaging and empowering them, and providing clarity and direction.
- Act with integrity, ensuring one's actions are consistent with City of Greater Sudbury's values and expectations.
- The current range of pay for this permanent position is \$128,821.77 to \$151,677.54 per annum.

Be part of the dynamic and professional management team of Canada's Happiest City as we continue to build this beautiful community! A global centre for mining with world-renowned attractions, urban comforts and four-season outdoor adventures, Greater Sudbury continues to surprise and impress. The municipality – the largest in northern Ontario – is home to more than 330 lakes and offers an unmatched mix of rural and urban living. A dynamic and diverse regional capital, Greater Sudbury is a hub for northeastern Ontario, central to the region's economy through its provision of medical, education, business and financial services.

We have ambitious plans and expectations for progress that makes joining Greater Sudbury's leadership team an exciting opportunity. You will make substantial contributions to this beautifully diverse city, the geographically largest municipality in Ontario and second largest in Canada.

Additionally, the Director of Infrastructure Capital Planning will have the opportunity to strategize and shape the future of Greater Sudbury's infrastructure. Reporting to the General Manager of Growth and Infrastructure, you will lead a talented operations team in support of quality customer service outcomes and the Strategic Business Plan for the Division.

The Director of Infrastructure Capital Planning has a significant opportunity to contribute to the future wellness of the local and larger environment and will share City Council's passion and commitment to implement change and lead our community in the development and promotion of ideas, policies, and actions that positively influence global climate conditions.

You must possess strong interpersonal skills, including the ability to build effective relationships with the public, with community business partners and with internal stakeholders. You are comfortable in a public setting and have experience in delivering effective presentations.

You possess a diverse and strong engineering background with implementation of municipal capital projects, and the inherent skills required to manage multiple projects with competing deadlines, all while balancing the needs of internal and external stakeholders.
