

Digital Transformation Bundle for Small Communities and School Boards

Think your organization is too small for meeting management?

We've taken the guesswork out of the process by bundling together key modules for addressing common pain points, along with all the coaching and support you will need to get up and running in the shortest time possible.

Of course, you aren't limited to just what's included in the bundle you choose. You can add optional modules right away or in the future, tailoring your eSCRIBE deployment to your organization's needs as you grow, improving your accessibility, efficiency and transparency.

Efficiency Bundle

Offers all the features and real-time tools you'll need to optimize processes to streamline and enhance pre-meeting, during-meeting and post-meeting tasks, from agenda creation to publishing minutes on your website.

Modules Included: Meeting Manager | Participant Portal | Internet Publishing Plus

Key Features

- **Live meeting support:** roll call, electronic voting and request-to-speak, and minute capture, etc.
- **Join any meeting, from anywhere, with any device**
- View upcoming agendas and support materials in advance
- Download meeting materials and work offline
- **Secure access** to confidential meetings

Add On Modules

Further enhance your organizations meeting management capabilities

Webcasting Lite

- Capture live and archival video from your council or boardrooms and stream it live online through your organization's website with no programming required. High Definition Video Camera included for no additional cost

Report Manager

- Provides comprehensive workflows, centralized templates and tools for the efficient preparation, approval and electronic submission of meeting-related material by staff prior to agenda publishing and distribution

Board Manager

- Easily manage and publish board' and members' details, vacancy applications and appointments through an intuitive, responsive, online interface

Meetings Professional Application for IOS or Windows 10

- A real-time application for elected officials and meeting participants to actively participate, vote and request to speak in meetings

Approval Manager Application (IOS/Android)

- With a few simple taps, users can review and prioritize awaiting approvals, open reports and supporting documents, and approve or reject with comments
