**RE: Support for AMO's Infrastructure and Social Housing Stimulus Request**

Dear Premier Ford,

The Ontario General Contractors Association (OGCA) is writing to express our strong support for the Association of Municipalities of Ontario's (AMO's) request for stimulus targeted towards municipal infrastructure and social housing investments.

AMO has presented a [compelling case](#) for significant investment in these areas totaling \$3.45 billion annually over five years (from both provincial and federal sources), highlighting the potential to:

- Mitigate potential economic contraction and preserve jobs, including in the construction industry.
- Drive productivity gains and housing affordability over time through the construction and renewal of important public assets.

The OGCA members in the construction sector stand ready to partner with municipalities to deliver these vital projects.

We believe that strategic investments in municipal infrastructure and social housing represent a crucial opportunity to support Ontario's communities and workers, stimulate economic activity, and build a stronger, more resilient province for all. We urge your government to give full consideration to AMO's request.

Sincerely,

Giovanni Cautillo  
President  
Ontario General Contractors Association
