

Cyber Incident Response Services

INCIDENT RESPONSE

Faced with a cyber incident? ISA Cybersecurity has 24x7 incident response services that will help you respond quickly to minimize the damage of an attack. Our cyber experts will help identify and contain a cyber attack, eradicate the threat, and assess the system impact and extent of any data disclosures. Our innovative, cost-saving retainer programs are unique in the industry and provide peace of mind.

DELIVERABLES

- Concise, non-technical executive summary of the incident.
- Complete investigative report explaining root causes, incident timeline, actions taken, and lessons learned.
- Detailed compromise analysis, with focus on any known or suspected data exfiltration.
- Specific, actionable list of recommended tactics and strategies for improving defenses and preparedness.
- Valuable insights and knowledge transfer that will help improve your cybersecurity posture today - and tomorrow.

BENEFITS

- Confidence that comes with 24x7 response and support.
- Fast containment of attack, limiting damage and exposure, and accelerating recovery efforts.
- Expert digital forensics techniques and industry-leading diagnostic tools employed throughout the investigation, analysis, and follow-up.
- Lessons learned will help strengthen your defenses against future attacks.

THE ISA CYBERSECURITY DIFFERENCE

Our team is dedicated to helping you through a crisis. Our cyber incident response services identify and contain an incident so you can recover quickly to minimize costs and reputational damage.

RETAINER OPTIONS

- **Three retainer levels to choose from:**

Level 1 offers **20 hours**

Level 2 offers **50 hours**

Level 3 offers **80 hours**

Ad hoc hours for incident response related works are also available.

- **Investment protection:**

Municipalities can utilize unused hours, upon renewal, in the first six months of the next year for a variety of cyber incident, response and security work. ***Your security investment is protected!***

DARK WEB MONITORING

- In the event of a suspected data breach, our optional monitoring service scans the dark web for signs of your stolen information, criminal chatter, or ransom demands.

RAPID RESPONSE

- Our process is optimized to provide services *fast*. We offer a 24x7 response centre, express business engagement, well-coordinated technical services, and fast-turnaround reporting – all designed to get you the answers and insights you need and get you back in business quickly.

ABOUT ISA CYBERSECURITY
