JOB POSTING: ASSOCIATE LAWYER (MUNICIPAL)

Cunningham Swan LLP, southeastern Ontario's premiere full-service firm, is adding to our growing team of 30+ lawyers. Located in the heart of downtown Kingston, we enjoy a high volume of interesting and quality work and a reputation for excellence. Our firm is collegial and supportive, and our community is ideal for raising a family, enjoying beautiful Lake Ontario and the Thousand Islands, and achieving a balance between work and the other pleasures in life.

We are currently searching for an Associate Lawyer to join our very busy Municipal Law Group. This opportunity offers interesting and varied work on behalf of public and private sector clients on a full range of matters including local governance, by-law enforcement, land use planning, expropriations, and administrative law.

Working closely with our Municipal team of lawyers and staff, you will be engaged in providing legal advice, drafting municipal by-laws and agreements, appearing before courts and tribunals, handling expropriations, and prosecuting municipal by-law offences. The ideal candidate will have at least two years' experience in municipal law and in operating within a varied role which demands the skills of both a solicitor and a litigator. Strong interpersonal, communication and practice management skills, and a desire for continuous learning and growth are also required.

Still not convinced? Check out what our current staff and lawyers have to say about life at Cunningham Swan: https://cswan.com/join-us/.

Inquiries should be directed, in confidence, to careers@cswan.com. The closing date for applications is November 26, 2021.

We welcome and encourage applications from people with disabilities. Accommodations are available on request for candidates taking part in all aspects of the selection process. During the hiring process, accommodation is provided to job applicants when they are selected for an interview. If an applicant or successful candidate requests an accommodation, we will discuss needs and make adjustments to support those needs.
